mcmaster.com

sentiment positive

Claude named McMaster-Carr the top pick for reliability and data quality; noted ordering requires an account but still ranked it first.

Authorize the agent to reorder MRO consumables up to \$500/month from this supplier

mcmaster.com

sentiment neutral · dropoff: mandate_refused

ChatGPT reached the McMaster order flow but hit a contract-login wall: no AP2, no /.well-known/mandate-policy, no delegated-authorization surface. Could not establish a standing mandate. 'You'll need to sign in and place this order manually.'

Claude · L3 · intent 32

Buy 100 of part 91251A542 now on my behalf

mcmaster.com

sentiment neutral · dropoff: mandate_refused

Claude located the exact part and price but the checkout path requires an authenticated contract account with no guest or agent checkout. No MCP/UCP tool surface to call. Transaction abandoned at the login wall.
